

## "Labor Market Intelligence for Decision-Making" Workshop

Thursday, June 8<sup>th</sup> 9:00am – 12:00pm

**St. Cloud WorkForce Center**  
**1542 Northway Drive, St. Cloud**

Join the Minnesota Department of Employment and Economic Development (DEED) at a free training session.

### **Description**

This 3-hour hands-on training session will help attendees learn where to find and how to use DEED's labor market information data tools. Attendees will navigate data tools on our website ([www.mn.gov/deed/data/](http://www.mn.gov/deed/data/)) and learn how to use them to understand the local economy and provide guidance to jobseekers and others.

This is a great session for small business owners, human resource professionals, economic development staff and board members, and other partners in the workforce development system.

Users **MUST** bring their own laptop to participate in this session.

Topics covered include:

- Occupations in Demand and Current Job Vacancy Results
- Occupational and Industry Employment Projections
- Wage and Salary Data and Career Profiles
- Labor Force, Employment, and Unemployment Statistics
- Industry Employment Statistics and Trends
- Cost of Living
- Graduate Employment Outcomes
- Minnesota Economic Trends and Employment Review
- Demographic and Social Characteristics
- Other data tools may also be covered upon request
