Are you looking for a rockin' job that allows you to develop new skills, advance within the company, and honestly love coming in to work each day? At Park Industries, we blend the stability and culture of a family-owned company with the vitality and innovation of a modern, progressive growth company. As an industry leading manufacturer and one of Central MN's premiere employers, we ask you to apply if leading is in your DNA.

ESSENTIAL FUNCTIONS:

- Cut, strip, bend, and mount wires to complete point to point wiring of electrical components relying on prior experience, training, and data charts to make wiring decisions related to size, color and routing
- Wire motors, sensors, solenoids, switches, and/or all related industrial control devices on the machine
- Assemble and mount electrical components including circuit breakers, transformers, relays, contactors, terminals, input/output devices, and/or all related industrial control devices using electrical schematics, prints, and technical documents
- Measure, cut, prepare, and/or label all cables needed for the machine build using electrical schematics, prints, and technical documents
- Power up, test, and troubleshoot electrical, mechanical, pneumatic, and hydraulic components and perform repairs to ensure correct machine functionality
- Load projects/parameters into hardware such as VFD's, HMI's, PLC's, and PC's

QUALIFICATIONS:

- Associate's degree (A. A.) or equivalent from two-year college or technical school
- Six months to one year related experience and/or training; or equivalent combination of education and experience.
- Experience with HMI software using UML methods and diagrams required.
- Certified forklift and crane operator, or the ability to obtain certification

Benefits:

- Park Industries pays competitive wages and provides a generous employee benefit package. Benefits include medical, dental and vision, life insurance, paid vacation and holidays, short-term & long-term disability, and 401k.

Job Location:

- St. Cloud, MN, USA

Position Type

- Full-Time/Second Shift
